How to Submit Your Assignment on Google Classroom

Follow these steps to submit your assignment on Google Classroom:

Step-by-Step Guide:

1. Log in to Google Classroom:

- Go to [Google Classroom](#).
- Sign in with your Google account.

2. Navigate to Your Class:

- Click on the class where the assignment is posted.

3. Access the Assignment:

- Go to the "Classwork" tab at the top of the page.
- Find and click on the assignment titled "Python Print Function Practice".

4. Open the Assignment Details:

- Click on "View assignment" to open the assignment details page.

5. Write the Code:

- Open your VS Code IDE.
- Write the Python code for each question in the assignment.
- Ensure all the code is consolidated into a single file.

6. Run the Code:

- Execute the code in VS Code to ensure it works as expected.

7. Take Screenshots:

- Capture screenshots of your code and the output for each question.
- Make sure the screenshots are clear and readable.

8. Upload the Document:

- On the assignment details page in Google Classroom, click on the "Add or create" button.
- Select "File" and then upload the screenshots from your computer.

9. Add Private Comment:

- In the "Private comments" section, add your name and **PIAIC** roll number. This helps your instructor identify your submission.

10. Submit the Assignment:

- Once your document is uploaded and the private comment is added, click the "Turn in" button to submit your assignment.
- Confirm the submission if prompted.

Tips for a Successful Submission:

- **Check Your Work**: Ensure all code works correctly and all screenshots are clear and legible.
- **Confirm Submission**: Double-check that you have uploaded the correct document and that it is complete before turning it in.

Good luck with your assignment, and happy coding!
